On March 12, 2020, Harding University released a statement stating that students would not be returning from Spring Break on March 16, and that all on-campus events would also be suspended until further notice due to COVID-19.

President Judi Jenkins consulted with the ArPEL Executive Committee, and the following announcement was made:

The drive-in conference scheduled for Tuesday, April 7, at Harding University has been postponed until Fall 2020. We will have a fall meeting instead of a spring meeting for this calendar year.

The Executive Council of ArPEL will not meet on Tuesday, March 17, by Zoom but will call a meeting when things return to normal. I will also be sending out a ballot to vote on new officers later this spring.

Since we are not meeting on April 7, I encourage each member to mail a check for your dues (\$25) to our treasurer. Sarah's contact information is as follows:
